

CM Group Holdings, Inc.

3rd-Party Warehousing and Fulfillment Pricing

April 2023

Creative Memories, founded in 1987, is widely known for starting and leading the scrapbooking industry with world-class products and a passionate home-based sales force. Today's Creative Memories (part of CM Group Holdings, Inc.) re-launched in 2014 under new ownership with the same exceptional quality, modern design and a reinvented earnings opportunity for Independent Advisors.

One constant among many with the Creative Memories brand is operational excellence, as we have always manufactured the core of our product line and fulfilled orders to our U.S. and international markets from our facility in St. Cloud, MN.

In 2022, needing more space for manufacturing and distribution, the company purchased a new headquarters building in Sauk Rapids, MN. **The facility has tremendous capacity and now Creative Memories wants to be able to offer those same world-class storage and fulfillment opportunities to other Direct Sellers who are just starting out or wish to focus on sales and product development efforts.**

If interested in discussing fulfillment services, please contact Mark Lerud at MLerud@CreativeMemories.com for an initial conversation.
